### **REASONS FOR ALLOWANCE**

Claims 1 and 42 are generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 4-6, 11-12, 28-31, and 36, directed to species no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim.

The following is an examiner's statement of reasons for allowance:

Claims 1 and 42 are allowable for the reasons set forth in the amendment filed June 3, 2004. Specifically, the recited push-type clutch having means for reversibly and separably coupling the at least one cylinder without requiring further disassembly of the driven is not shown or taught by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
